

DAILY SHIFT PATROL SCHEDULE

Targeted Enforcement Priority Scheduler | Top 50 High-Risk Hotspots & Patrol Assets

Notice: This schedule ranks the top 50 parking violation hotspots in Bengaluru using an upgraded composite risk score incorporating a spatial Congestion Spillover Index (inflating scores near major intersections), XGBoost temporal density forecast, and Isolation Forest anomaly flagging. Patrol assets are optimized and assigned to cells based on local vehicle-type modes (Heavy Tow Trucks for tankers/buses, Patrol Jeeps for cars/autos, Interceptor Bikes for motorcycles/scooters). Officers must prioritize critical ranks and coordinate enforcers to the designated shifts and patrol units.

Rank	Canonical Station	Latitude	Longitu de	Risk Score	Morning (6a-2p)	Evening (2p-10p)	Night (10p-6a)	Assigned Patrol Shift	Assigned Patrol Unit
